

### Across

- 2 Instrument for displaying waveforms (12)
- 5 Type of cell that can be recharged (9)
- 8 Type of waveform such as speech or music (7)
- 9 Unit of energy (5)
- 11 High time on a rectangular waveform (4)
- 14 Opposes the flow of current (8)
- 16 Unit of electrical potential (4)
- 17 Unit of electric current (6)
- 19 1000 of these in a second (11)
- 22 Signals that can change continuously in level (8)

### Down

- 1 Graph of voltage against time (8)
- 3 Fundamental waveform (4)
- 4 Low time on a rectangular waveform (5)
- 6 Force that produces current flow in a circuit (13)
- 7 Peak of maximum value of a waveform (9)
- 10 Signal that only exists in discrete states (7)
- 12 Converts analogue to digital (abbrev.) (3)
- 13 Prefix for one thousand (4)
- 15 Type of waveform with a 50% duty cycle (6)
- 18 Prefix for one million (4)
- 20 Unit of resistance (3)
- 21 Converts digital to analogue (abbrev.) (3)
